

## SET OCTOBER 13 FOR RED CROSS DINNER MEET

Directors of the Adams County chapter of the Red Cross Tuesday evening at their last meeting until fall set Tuesday, October 13, as the date for the annual meeting and received the resignation of George B. Inskip as fund campaign chairman for next year.

Mr. Inskip, who had served as co-chairman with Luther Ritter, Littlestown, for the 1959, said in a letter to the chapter chairman, the Rev. Charles E. Held, that his duties as supervising principal of the Fairfield Joint School system do not allow time for the extra campaign duties.

Tuesday's meeting was held in Bräu Lounge at Gettysburg College with Chairman Held presiding. He appointed these committees in preparation for the annual meeting: Dinner, Miss Nina Storck, Mrs. P. J. McGlynn, Mrs. Frank Kramer and Mrs. Charles Smith, and nominating, Mrs. Inskip, Mrs. Thomas Cline, Mrs. LeRoy Winebrenner and Mrs. Bernice Bailey.

### May Train More

The appointment of Mrs. Albert Bachman, a former chapter chairman, as Home Service chairman was announced. She will take up her duties upon her return from a summer trip to Europe.

A report from Mrs. Winebrenner on the work of the Red Cross Nurses' Aids revealed that another training class for additional aids may be started in the fall if a need for their services develops. She says aids this week made up beds in the new South Wing of the hospital in preparation for its use after the weekend "open house" and dedication.

Mrs. Winebrenner said 18 aids will serve at the hospital over the weekend while aids are on daily duty at the hospital assisting the nursing staff.

### Gave 15 Pts. Of Blood

George N. Haenn, blood program chairman, said Red Cross donors gave 15 pints of blood in the last month.

The executive secretary of the chapter, Mrs. Peggy Hill, reported on national Red Cross convention sessions she attended early this month at Atlantic City and Radford H. Lippy reported for the campaign fund planning committee.

Chairman Held said he has been notified the goal for next spring's finance drive will be \$16,900, a decrease of about \$300 from this year's goal.

### Reports On Services

The home service report for the month showed 164 office calls. They involved 12 active servicemen, seven veterans and six civilians. Three home visits were made. Chapter officers verified data for leaves for 10 servicemen and made five hospital trips. There was a report on the current.

## Saint Joseph College Marks New Milestone

The Most Rev. John A. O'Shea, C.M., D.D., bishop of Kanchow, Kiangsi, China, will celebrate a solemn pontifical Mass Thursday at 11 a.m. on the campus near the Student Center as the Sisters of Charity at St. Joseph College and Central House, Emmitsburg, continue the celebration of the sesquicentennial anniversary of their founding by Mother Elizabeth Seton in 1809.

Thursday's celebration will mark the association between the Sisters of Charity and the priests of the Congregation of the Mission, the spiritual fathers of the community. In 1850 the Sisters of Charity founded by Mother Seton were united to the Daughters of Charity, a religious community of women founded by St. Vincent de Paul and St. Louise de Marillac in 1633. Earlier in 1625 St. Vincent de Paul had founded the order of priests called the Vincentians, who are the spiritual directors of the 45,000 Daughters of Charity. The two communities, termed the Double Family of St. Vincent, have a common superior general, at present an American, Very Rev. William M. Slattery, C.M., residing in Paris.

### Other Activities

Delegates have been invited to attend Thursday's program from each of the establishments of the Vincentian Fathers and the Daughters of Charity in the eastern part of the United States.

Besides the mass at which Vincentian priests and seminarians from Mary Immaculate Seminary, Northampton, Pa., will assist.

Keystone Ceramic Corp., Gettysburg, transferred two tracts along the Bigerville-Bendersville Rd. in Menallen Twp. for \$93,100.

The Geetysburg Municipal Authority is pushing toward completion a 4,500-foot extension of its lines, the biggest single addition in seven years.

The new lines will extend for 3,500 feet along the Harrisburg Rd. and then 1,000 feet to the east into a building development by John F. Snyder, Gettysburg, on land recently purchased from Mr. and Mrs. W. E. Jordan. Three new homes already are under roof there.

The 1,000-foot extension into the development was installed first and now the line is being placed along county land south of the radio station. It will connect with present lines at E. Broadway.

The work is being financed by Snyder on a refundable deposit plan. The 4,500-foot line will cost about \$13,500. Snyder will be refunded sums as connections are made to the new line.

The Municipal Authority about three weeks ago completed a 3,500-foot extension in the Woodcrest development, south of the Fairfield Rd. under a similar arrangement.

An 8-inch transit pipe line is being placed along the Harrisburg Rd. A six-inch line was used in the Woodcrest addition.

## QUEEN THRILLS CANADIANS IN LONG PROGRAM

By RELMAN MORIN

QUEBEC (AP)—It was a big, busy, glittering, heart-warming day in Quebec for Queen Elizabeth II and Prince Philip.

And Quebec's French-speaking citizens are still thrilled today after the royal couple's visit to the charming old capital of French Canada.

Standing upright in a jeep and holding a guardrail, Elizabeth inspected an infantry regiment of which she is colonel in chief.

Aboard the Britannia the royal couple received over 400 newsmen and photographers who are covering their tour of Canada and then stood chatting easily like a host and hostess at any cocktail party.

## Attend State Dinner

The Queen and Philip were guests at a state dinner which will be remembered as one of the most brilliant pageants in the long history of this ancient city.

In a jam-packed program that lasted 13 hours—from morning until nearly midnight—Elizabeth and Philip touched off an explosion of excitement and acclaim that filled the streets with cheering crowds.

It was the biggest day so far of their Canadian trip, now nearly one week along.

They sailed along the St. Lawrence today for Trois Rivieres and Montreal. The meeting with President Eisenhower and the formal opening of the St. Lawrence Seaway comes Friday.

At the reception aboard the yacht, Philip candidly discussed stories that he has been rough on photographers.

## Resents Intrusion

"I have a reputation for being nasty to photographers," he said. "I am bloody nasty to a photographer who pokes a long lens through the keyhole into my private life. I'll never be rude to a photographer who is doing his job, but I will be if my privacy is invaded."

The Queen has an electric personality, quite different from her cautiously decorous public appearance. Her blue eyes light up. She is vivacious. She smiles frequently and her speaking voice—which has been criticized in Britain as "schoolgirlish"—becomes crisply incisive.

In a word she is charming.

A dinner will be served at 1 p.m. in the college dining room followed by a pageant in De Paul auditorium at 2:30 o'clock at which the students of St. Joseph College will depict incidents from the history of the Sisters of Charity.

## Lay Cornerstone

The cornerstone of the new Immaculata Juniorate, a seminary for postulants to the sisterhood, will be laid followed by benediction at the seminary pavilion offered by the Rev. Fr. Cornelius Ryan, C.M.

The day's activities will close with dinner in the college dining room at 5:30 p.m.

On July 31, the anniversary of the foundation at Emmitsburg in 1809, representatives of the hierarchy, clergy, religious orders and laity have been invited to attend another of the sesquicentennial functions.

## HOW WORLEY VOTED

Assemblyman Francis Worley of Adams County voted against a joint resolution Tuesday at Harrisburg which would amend the state constitution to permit the governor to be elected for a second consecutive term. The measure carried by a vote of 122 to 66. Worley voted in favor of another joint resolution which would lower the voting age from 21 to 18. It carried 187 to 14. Previously Worley had sponsored a bill to accomplish the same change.

## DENY APPLICATIONS

WASHINGTON—Communications Commission Examiner Basil P. Cooper Tuesday recommended denials of competing applications by the Monocacy Broadcasting Co. for a new unlimited time 1320 kilocycle station at Gettysburg, and by The Times and News Publishing Co. to shift Gettysburg Station WGET from 1450 to 1320 kilocycles and to increase power.

## WAGNILD WILL VISIT ABROAD

Prof. and Mrs. Parker B. Wagnild, R. 2, left today for Europe where they will attend a number of musical events. Wagnild is head of the music department at Gettysburg College and director of the renowned college choir.

First stop for the travelers will be Williamsport, Pa., where Wagnild will participate Thursday in a choral workshop at a regional meeting of the American Guild of Organists.

Saturday the Gettysburg couple, accompanied by Mr. and Mrs. Sherman Wagnild, brother and sister-in-law, of Windom, Minn., will board the Holland-American ship "Ryndam" in Montreal.

In Europe the four will be joined by Sherman Wagnild's daughter, who is studying overseas on a Fulbright scholarship. Their itinerary will take them to England, Norway, Holland, Denmark, Germany, Austria, Italy, Switzerland and France. They will return to the states August 24.

"We will visit published houses and the music departments of a number of European universities," Wagnild said. "We will also attend the Bayreuth Festival, Salzburg Festival and a Bach festival in Germany, concerts in Vienna, the opera in Rome and many other musical festivals as possible."

The board of directors of the Woman's League of Gettysburg College met at the Caledonia home of Mrs. John S. Rice Tuesday. 21 members were present. It was announced that a program "Antiques Are Fun" will be given by Mrs. Jessie D. Otey, of Penn Valley, Narberth, Pa., October 25 in the Student Union Building at Gettysburg College.

Hostesses for Ladies' Day at the Gettysburg Country Club were Mrs. Guile W. Lefever, Mrs. Howard Shoemaker and Mrs. Thomas Winter. The floral arrangements and decorations were done by Mrs. P. J. McGlynn and Mrs. Richard Fink. The Gettysburg women played host to the Chambersburg women Tuesday.

## CLUBMEN SEE BOAT REMOTE CONTROL WORK

The Littlestown Rotarians had dinner at Schottie's Hotel Tuesday evening after which the group went to the home of Luther D. Snyder, E. King St., where William R. Keefer, of town, gave a demonstration on his remote controlled boats. Mr. Keefer built the boat which he demonstrated in 16 months of his spare time. The boats can be controlled within a radius of two miles. Two visiting Rotarians, Edward Fink, York, and the Rev. Dr. Nevin R. Smith, Hanover, were introduced.

Installation of officers will take place at the Rotary meeting next Tuesday at 6:15 p.m. at Schottie's. The new officers include: President, L. Robert Snyder; vice president, Charles E. Rabenstein; Luther W. Ritter, secretary; Paul R. Snyder, assistant secretary; Edward H. Leister, treasurer; Clarence J. Krichen Jr., sergeant-at-arms; Howard A. Daum and Theron W. Spangler, new directors. The annual president's report will be heard. The program will be in charge of the club service committee, composed of L. Robert Snyder, chairman, Howard A. Daum, A. G. Ealy, A. W. Schott, Roy Koontz, Thomas C. McSherry and Charles E. Ritter.

Mrs. Carl H. Baumgardner of the Littlestown High School faculty was the guest speaker at the June meeting of the Women's Guild of Redeemer's United Church of Christ on Monday evening in the social hall of the church. The program was in charge of Mrs. C. Moss Morehead Jr., assisted by Mrs. Robert H. Miller. There was a brief business session with Mrs. Samuel H. Higginbotham, president, presiding. The Guild will not meet again until Monday, September 28.

#### Meetings Announced

Ocker-Snyder Post No. 321, American Legion, will meet Thursday evening at 8 o'clock at the post home, E. King St. Election of officers will take place.

Mrs. Ralph Conover, Ocker Ave., will be hostess to the Starr Bible Class of St. Paul's Lutheran Church for the June meeting on Thursday at 7:45 p.m.

There will be a joint meeting of the 1958-59 standing committee chairmen of the Junior Woman's Club of Littlestown and the newly appointed 1959-60 committee chairman at 8 p.m. on Thursday at the home of the club president, Mrs. Richard N. Greenholt, E. King St. The Methodist Men's Club of Centenary Church will meet at the church tomorrow at 7:30 p.m.

#### Ladies' Aid To Meet

Mrs. Hallie Anderson and Mrs. Paul E. King will be in charge of the program at the monthly meeting of the Ladies' Aid Society of St. John's Lutheran Church on

Wednesday, June 24, at 7:30 p.m.

#### Says Buchholz Is Best Tennis Find

FOREST HILLS, N.Y. (AP)—Pro tennis czar Jack Kramer today called tempestual teen-ager Earl Buchholz of St. Louis the "greatest tennis talent" in the amateur ranks "and I can hardly wait to get him."

This was Kramer's answer to Buchholz statement that "I can hardly wait to turn professional" after his first-round upset of Italy's Nicola Pietrangeli at Wimbledon.

"Of all the amateurs around, Buchholz has the most talent," Kramer said. "More than Alex Olmedo, more than any of them. And don't worry about his temperament. It'll change when he turns pro. They all do."

Twenty-three club members attended the meeting and eight board members were present at the board meeting which preceded the regular meeting.

Miss Rebecca Naill, daughter of Mr. and Mrs. Daniel Naill, Taneytown, Maryland, was recently awarded a four-year teacher's preparation scholarship given by the Rotary Club of Frederick. Miss Naill plans to enter Frostburg State Teachers College this fall. She was recently graduated from Emmitsburg High School where she participated in a number of extra curricular activities as well as maintaining a high academic average. She served as president of the student council, president of the senior class, cheerleader, member of the school newspaper staff and member of the Future Teachers of America. During her senior year, Miss Naill had the honor of being chosen chapter sweetheart of the Future Farmers of America, the local Betty Crocker Homemaker of Tomorrow and the May Queen.

rowed from local residents. A patrol flag, made by the girls and displaying historic points on the Gettysburg Battlefield, as well as swap articles typical of this area will be taken.

#### Equipment Is Shipped

All patrol equipment and大夫 bags containing bed rolls and personal equipment for each of the girls were shipped from Harrisburg to the Roundup site on June 13. A dining table and benches, which must be assembled by the girls, paper plates and cups for all meals, charcoal and kerosene will be on hand at the campsite, but the patrol must otherwise supply everything needed for comfortable and efficient outdoor living for ten days.

The camping equipment shipped included four tents, a tarpaulin to be used in the construction of a kitchen shelter, charcoal stoves and other cooking equipment, necessary tools, reference books and materials, and supplies needed for patrol demonstrations. The demonstrations planned are rope-making and the preparation of apple fritters.

A peak tourist season is expected in Colorado this year because of its Centennial celebration. Anyone planning to visit the Roundup site should therefore have advance hotel or motel reservations. The public area of the campsite will be open from 9:30 a.m. to 8 p.m., but girls will be available to see visitors only between the hours of 10 a.m. and 5 p.m.

Thursday at 8 p.m. in the church social hall. The hostesses will be Mrs. James Dutter, Mrs. Oliver Erb and Mrs. William Shadie.

Mrs. Walter Morelock Jr., E. King St. Ext., will be hostess to the Sunshine Sunday School Class of Grace Lutheran Church, Two Taverns, on Thursday for the June meeting at 8 p.m.

Mrs. Helen Bowers left Saturday from Baltimore via the TWA Friendship jet plane for Sacramento, Calif., where she will make her future home. She was accompanied to Baltimore by Mr. and Mrs. Joseph Young, McSherrystown, and Mr. and Mrs. Paul O. Hawk, W. King St.

The Littlestown Free Library, located in the tax collection building on N. Queen St., will be closed Monday evening, July 6. Books borrowed the past Monday will not be due until July 13. Summer hours are from 6:30 to 7:30 p.m. each Monday and during the winter from 6:30 to 8:30 p.m.

Five U.S. Girls Lose

In my youth in the Middle West we always looked upon the town doctors as magic men. They got people well. One of these doctors, who was with us for many years, had a heavy black beard, as was then the custom. Most distinguished men did. We entertained many noted speakers in our home, from many parts of the country, but we never lost the love we had for that man with the little black bag and the explosive laugh, which made people well in quick order!

Tomorrow Mr. Adams will talk on the subject: "The Pat of Encouragement."

WIMBLEDON, England (AP)—

Open tennis tournaments for professionals and amateurs probably will be played in less than two years, authoritative sources predicted today at the Wimbledon Championships.

The first major step toward changing tennis laws to allow open tournaments is expected in Dublin, Ireland, July 8, at the annual meeting of the International Tennis Conference.

The group, comprised of representatives of about 60 national tennis associations, is reported about ready to order its nine-member management committee to draft regulations opening the way for amateurs and professionals to play together in much the same way as golfers now associate.

## SCRIBE SEES KO FOR CHAMP IN 1ST ROUND

By MURRAY ROSE

**Associated Press Sports Writer**  
NEW YORK (AP) — Heavyweight Champion Floyd Patterson will knock out Sweden's Ingemar Johansson in the first round of an explosive, bloody battle at Yankee Stadium Thursday night.

This is the prediction of the writer after a study of the two fighters in their training camps, deep research of their careers, a look at a crystal ball and a consultation with a witch doctor.

Johansson's only chance appears to rest with his "thunder and lightning" right hand. "Blood and thunder" is the way Edwin Ahlquist, Johansson's advisor, describes the mighty right and Ingemar, himself, appears to agree.

Ingo has kept the mighty right under wraps in training. There's not much question that he has the power in that fist, as evidenced by his first-round knockout of Eddie Machen, then the No. 1 contender, at Gothenburg, Sweden, last Sept. 14, and his fifth-round kayo of Britain's Henry Cooper at Stockholm, May 19, 1957.

Both Machen and Cooper, however, are standup fighters. Both box in the classic style Johansson is accustomed to. Neither does much body punching. Johansson, too, is a standup fighter who operates with an orthodox left jab and follows with straight right hands. In training, however, Ingo has shown nothing. He floundered like an amateur when he was pressed.

Patterson is completely different in his mode of fighting. The little panther champion fights out of a crouch. He bobs and weaves, holding both gloves in front of his face in a peek-a-boo style. His forearms protect his body.

### Floyd's Too Fast

Floyd moves quickly from side to side. Once in a while he shifts to a left-handed stance. He is hard to hit squarely. True, he has been knocked down in title fights by Pete Rademacher and Roy Harris. But he got up quickly and fired away faster.

Floyd still leaps in with his gazelle right — a punch thrown while he springs into the air with a catlike motion. But most important of all is his devastating combinations, especially to the body — something Ingo never has had to cope with — will be his undoing.

### Strong Favorite

This observer believes Patterson will move right in on the unbeaten European champion seconds after the opening bell. He probably will bang away at the body to bring down Johansson's hands and then shoot for the head. He may get nailed in this all-out assault.

If he does, and goes down, the story could be different. I think Patterson will be too close to his opponent to get hit by such a punishing blow.

With predictions of fair weather for Thursday night, the gate may even hit the \$700,000 mark. Receipts from closed circuit TV, movies and radio may add an additional 1½ million dollars to the gate.

Patterson still held as a 3-1 favorite to win, and a 2-1 choice to score knockout. It was 6-1 that Johansson would not knock out the champion.

### MAJORITY PICK PATTERSON

NEW YORK (AP) — Heavyweight champion Floyd Patterson is picked to turn back the challenge of Ingemar Johansson Thursday by 63 of 69 boxing writers including four of seven Swedish newsmen. Guesses on Patterson's victory round ran all the way from the first to the 15th. The eighth was the most popular with 11 votes.

### COLTS PREPARE FOR GRID TASKS WITH THERAPY

BALTIMORE (AP) — Some crippled children may provide the incentive to bring Baltimore its second National Football League title.

Every day at 5 p.m. a group of Colts invades the quiet grounds of Kerner Hospital. For the next hour or so the robust athletes exercise at or are tested by equipment designed to help the handicapped.

The work goes on under the watchful eyes of Bill Neill and Ed Block.

### Prevent Injuries

"We theorized," said Neill, the hospital's director of physical therapy, "that the physical medicine we used for our patients here could also be used to prevent the Colts from suffering injuries."

Block, the Colts' trainer and an assistant to Neill in the off season, likes to refer to the equipment at Kerner as his "secret weapon."

"In analyzing the needs of each individual player we locate the stress and strain areas and with secret weapons we can strengthen those areas," Block said.

### Prize Pupil

Block and Neill both point with pride at what their program has done for defensive end Ordell Braase. Said Neill, "He has increased his chest girth by more than an inch and his upper arm by half an inch."

"Block and I had Ordell act out what he does when rushing the passer. His actions, and where he needs strength, is what we've been working on."

"He will be much stronger and more agile this year."

Other Colts taking part in the program are backs Johnny Unitas, Lenny Moore, Lenny Lyles and L.

G. Dupree and linemen Art Donovan, Jim Mutscheller, Dick Syzmanski, Leo Sanford and Gino Marchetti.

Where do the children fit into the picture?

"The Colts and the patients, mostly children, are good mental therapy for each other," said Neill.

The children love to see and frequently play with the Colts, he said, and they believe that if lifting weights and performing exercises help the Colts, then the same should help them.

### Upper Adams Little League

The Yankees gained a tie with the Pirates for first place in the Upper Adams Little League by defeating the Pirates 15-8 at Arndtsville Tuesday. It was the initial loss for the Pirates after four wins.

The winners collected 12 hits as compared to eight for the losers.

Score by innings:

Yankees ..... 1 1 3 5 0 5 — 15

Pirates ..... 3 2 1 1 1 0 — 8

Batteries: Yankees, Crum and Black; Pirates, Bushey and James.

A six-run rally in the last of the final inning just fell short for the Phillies who bowed to the Cardinals 11-10 at Bigerville.

Highlighting the rally was a grand slam homerun by Arnsberger. Wilkinson also homered for the Cardinals.

Score by innings:

Cardinals ..... 4 0 4 1 2 0 — 11

Phillies ..... 2 0 2 0 0 6 — 10

Batteries: Cardinals, Hartman, Kane (5) and Kettnerman; Phillies, Weaver and Arnsberger.

Five runs in the last of the second enabled the Braves to take an 8-3 decision from the Red Sox at Bendersville. Black, winning pitcher, allowed but three hits and fanned 10. He also led his team with two hits.

Score by innings:

Red Sox ..... 0 1 0 2 0 0 — 3

Braves ..... 2 5 0 1 0 x — 8

Batteries: Braves, Black and Wright; Red Sox, Cover, Menter (3) and Miller.

### Windsor Shoe 9 Tops Conewago

The Windsor Shoe Co. team defeated the Conewago Lions 4-2 in a Littlestown Pony League game Tuesday evening at Littlestown town.

Richard Bankert was the winning pitcher and allowed three hits. His mound opponent, Fuhrman, yielded but one safety.

The same teams will meet

## Nothing To Do But Sweat And Wait Convict's Terms

Jim Billings, city editor of the Springfield Daily News, was the only newsman allowed inside the U. S. Medical Center after a riot broke out in one wing.

**Give Warning**

"We have all of the officers as hostages. Don't try to send anyone in here. Don't try to shoot any tear gas in here. If you do it will be too bad for these officers."

Another caller said, "We mean business." We tried to find out from the inmate what they wanted; what started it all.

All he'd say was "We've got our demands almost ready. But don't try to call us. When we're ready we'll call you."

The other wings of this big center are quiet. The other prisoners probably don't know what going on.

All around the institution there is a cordon of officers. They are there in case the inmates make some attempt to escape, but so far there has been no indication of an attempt.

We are just waiting.

### Senate And House To Confer On Bill

HARRISBURG (AP)—A Senate

House conference committee must iron out differences over legislation requiring publication in at least two newspapers of auditor's reports for counties of less than second class.

The prospect presented itself on Monday night when the House refused to approve Senate amendments to the bill. The amendment came to the control center from would allow publication of the re-

### May Lift Tax On Some Foods

HARRISBURG (AP) — A new House bill would restore the exemption on take-home food purchased in restaurants from the state's 3½ per cent sales tax.

The take-home food exemption was killed in a law signed by Gov. Lawrence last week which hiked the exemption on food consumed in restaurants from 10 cents to its original 50 cents.

The new exemption bill was sponsored Monday night by Reps. W. Stuart Helm, Republican policy committee chairman, and Albert W. Johnson, House GOP leader.

Another bill would exempt authorities created for public school building purposes from paying the 3½ per cent sales tax. Its sponsors are James E. Willard (R-Mercer), William B. Curwood (D-Luzerne) and Stanley G. Stroup (R-Bedford).

Another attempt to legalize horse racing and pari-mutuel betting in Pennsylvania was made in a bill introduced by Democrats Charles F. Luigard (Berks) and Anthony J. Petrosky (Westmoreland).

The newest racing measure avoids a referendum. Instead, it would create a racing commission and empower it to regulate the sport.

port in a newspaper outside the county, if the county has only one newspaper.

Present law permits publication of such reports in one or more newspapers in the county.

The House bill, which the Senate amended originally, stated the reports must be printed in two newspapers published in the county concerned.

Sen. Jo Hays (D-Centre) said the \$200,000 appropriation in the bill could better be spent for education of handicapped children.

**Could Be Charm**

"If improperly handled," said Sen. Charles R. Weiner, Democrat-floor leader, "it (the committee) would be a chain around the necks of the administration and the Governor's budget Office."

It would be given subpoena powers and the right to hold public hearings in watching where the tax dollar goes.

## WATCHDOG UNIT WILL OVERSEE STATE DOLLARS

HARRISBURG (AP) — State spending will soon come under the constant, watchful eye of a special legislative committee.

The Senate, Monday night turned aside opposition from some Democrats and passed the bill 45-5.

The measure went back to the House for concurrence in amendments. Gov. Lawrence already has gone on record favoring the bill.

### Doubles Appropriation

One Senate change doubles the House-approved appropriation of \$100,000 for operation of the committee in the next two years. Another would set up the committee as soon as the legislature adjourns finally instead of when the bill becomes law.

The only misgiving expressed by the governor—and it was repeated by Democrats during Senate debate—was that the watchdog group should not become "a committee of harassment."

And Sen. Jo Hays (D-Centre) said the \$200,000 appropriation in the bill could better be spent for education of handicapped children.

**Broad Power**

"This committee will give the Legislature information it needs to intelligently appropriate money," said Berger.

The watchdog unit would be given broad powers to examine departmental expenses and to obtain whatever figures on income it wanted from the Revenue Department and the Governor's budget Office.

It would be given subpoena powers and the right to hold public hearings in watching where the tax dollar goes.

### Student Councils Meet In Pittsburgh

PITTSBURGH (AP) — More than 700 delegates to the 23rd annual convention of the National Assn. of Student Councils were told Monday that high school councils serve two main purposes.

Andrea Vidakovic, president of the NASC and a senior at Schenley High School here, where the convention is being held, said:

"The student council is the liaison group between the students and the faculty and administrators of the school. Council members also serve the school and are instrumental in arousing all-out participation and interest in the school."

Approximately 500 students and 185 teachers from all over the nation and 25 members of the national staff in Washington are attending the convention which runs through Thursday.

mittee would have to be "ever-careful that it does not become an inquisition."

His Republican counterpart, Sen. James S. Berger, said the bill was 50 years past due.

### Broader Power

"This committee will give the Legislature information it needs to intelligently appropriate money," said Berger.

The watchdog unit would be given broad powers to examine departmental expenses and to obtain whatever figures on income it wanted from the Revenue Department and the Governor's budget Office.

It would be given subpoena powers and the right to hold public hearings in watching where the tax dollar goes.

### Wants Flood Study On French Creek

HARRISBURG (AP) — Gov. Lawrence has asked leaders in both political parties to see that federal funds are allocated for flood control survey in French Creek Valley.

"As I have often pointed out, flooding of many parts of French Creek Valley has caused extensive hardship and expense to the residents of this area," Law-

rence said.

The resolution asks for a \$40,000 appropriation for the survey from an upcoming flood control omnibus bill.

## Peach Crop Prospects In County Called Excellent; Wind Damage To Cherries

Prospects for the 1959 peach crop in Adams County are "excellent," County Agent Frank Zettle said today. He added that "the chances are that the county crop will exceed the 1958 yield."

His appraisal of the county outlook was made in connection with an announcement by the state Department of Agriculture that a crop of 2.9 million bushels is in prospect for the state which would equal the 1958 crop, third largest on record.

The state estimate said the yield this year may be below last year's total of about 3,000,000 bushels but well above the average crop of 2.3 million bushels.

### Wind Hurt Cherries

While the peach outlook was optimistic, the picture on sour cherries is clouded by uncertainty about the extent of wind-whip damage over the weekend of June 14. County Agent Zettle said it seems certain there was considerable bruising of fruit in many parts of the county and it is possible that the damage may lead to brown rot trouble at picking time. The extent of the damage cannot be determined until the fruit is harvested, he added.

Before the windy weekend the outlook was for a normal crop.

The prospects varied in various sections of the county with some orchards producing a light crop while others had prospects of a large yield.

Cherry picking will get underway about the Fourth of July or the following Monday, growers said today.

### Apple Estimates Later

Peach bloom was heavy in all Pennsylvania peach growing areas, the state Crop Reporting Service says. But set varies widely with location, age of trees and varieties. Some trees have a full crop, others light. Sizing to date is normal. In Erie County soil moisture reserves are good, but there is little reserve in southern and

## SENATE GIVEN RESOLUTION ON NEFF CHARGES

HARRISBURG (AP)—Sen. John Carl Miller (D-Beaver), in a Senate resolution, has cited allegation that Samuel G. Neff ordered state employees to "run political errands while he managed the state workers' insurance fund.

Miller's resolution, introduced Tuesday, quoted allegations that Neff ordered employees of the Labor and Industry Department, assigned to work in Harrisburg, "to perform political services and to run political errands in Beaver County."

Cherry picking will get underway about the Fourth of July or the following Monday, growers said today.

## In Korea

Sp-4 Kenneth L. Baltzley has arrived in Korea after spending a 30-day furlough with his parents, Mr. and Mrs. Harold Baltzley, Asst. R. 1. He received his basic training at Fort Jackson, S.C., and at the end of his training reported to Fort Campbell, Ky., where he was stationed with the 101st Airborne Infantry.

He is now stationed in Seoul, Korea, with the Honor Guard. He receives his mail at this address:

central areas.

Apple growers in all areas of the state had a "snowball bloom." Weather was favorable during the bloom period and bees worked well. Set is good, except that Yorks are light in the southern counties and Staymans are light in the central counties. Some growers believe the June drop will be heavier than usual making the crop smaller than it now appears.

No production estimates on the apple crop will be made until July 1.

### Other Prospects

The pear crop is forecast at 100,000 bushels which compares with 115,000 last year and an average of 150,000 bushels.

Sweet cherry production is expected to be 700 tons compared with 1,100 tons last year and an average of 1,130 tons. All producing areas had a heavy bloom. Frost damage during May did considerable damage in Erie County. Damage was spotty, but extensive enough to result in a light crop. Orchards over the rest of the state also suffered from frosts and cool, wet weather during blooming periods.

While no production estimates for sour cherries are available, Erie County growers expect a good crop, but not as good as in 1958.

Bloom was excellent in all areas.

## Quigley Votes For Housing Bill

WASHINGTON (AP)—Here is how the Pennsylvania congressional delegation voted Tuesday as the House passed and sent to President Eisenhower a \$1,375,000 compromise housing bill: Democrats for (16): William A. Barrett, James A. Byrne, Frank M. Clark, John H. Dent, Daniel J. Flood, Mrs. Kathryn Granahan, William J. Green Jr., Elmer J. Holland, William S. Moorhead, Thomas E. Morgan, Robert N. C. Nixon, Stanley A. Prokop, James M. Quigley, George M. Rhodes, Herman Toll and Francis E. Walter.

Republicans for (5): Robert J. Corbett, Willard S. Curtin, James G. Fulton, Carroll D. Kearns and James E. Van Zandt.

Democrats against: none.

Republicans against (9): Alvin R. Bush, Paul B. Dague, Leon H. Gavin, Ivor D. Fenton, John A. LaFore, William H. Milliken, Walter M. Mumma, John P. Saylor and Richard M. Simpson.

**HOUSING BILL  
MAY BE HEADED  
TOWARD VETO**

WASHINGTON (AP)—A catch-all \$1,375,000 housing bill faced today the possibility of a veto it was tailored to avoid.

A cut-down compromise of larger Senate and House bills, it was trimmed to a two-year program in an avowed effort to make it veto-proof.

With 10 days to decide, President Eisenhower was keeping his own counsel about disposing of it, but congressional Republicans expected a veto. Both Budget Director Maurice H. Stans and Housing Administrator Norman P. Mason have indicated they would recommend rejection.

### Short Of Two Thirds

The bill was sent to the President Tuesday by a 241-177 House vote. The margin of passage was nearly 40 votes short of the two-thirds vote necessary to override a veto. The 56-31 vote by which the Senate passed it Monday also fell short of a two-thirds margin.

A veto now, with Congress talking of adjournment in August, would probably mean another housing go-round ending in adoption of about what Republicans proposed when Congress convened Jan. 7.

This would renew the Federal Housing Administration's Mortgage insurance authority, now almost exhausted; extend the college dormitory loan program; and continue on a limited basis the urban renewal and slum elimination program.

**MOVE PICKET  
LINES TODAY**

PITTSBURGH (AP)—Open hearth workers continued a strike today at the big Pittsburgh Works of Jones & Laughlin Steel Corp. but removal of picket lines permitted other employees to return to their jobs.

Fellow United Steelworkers began going back Tuesday afternoon when picketing ended. They had been honoring picket lines set up Monday night.

The Pittsburgh Works, comprising the South Side and Hazelwood plants, employs a total of 12,000 production workers. About 2,000 of these work in the open hearth department in the South Side plant.

Open hearth employees struck Sunday night, claiming the company had reduced incentive pay rates nearly 10 per cent without notifying the union. This was termed a contract violation by the union.

In turn, J. & L. said the work stoppage was a wildcat strike and violated the contract.

## TV VIEWERS LIKE TO SLAM COMMERCIALS

By CYNTHIA LOWRY

NEW YORK (AP)—Ask almost any television viewer his pet gripe about his favorite pastime and he'll complain about exposure to the same commercials over and over.

Some commercials, he'll concede, were entertaining at first—but repetition of even a funny one loses its charm.

But filmed commercials are deliberately rerun, say the experts, for a variety of reasons. One theory of successful television selling is based on heavy hammering on the viewer's consciousness. The viewer may not like it but the message has sunk in—like a harpoon.

### They're Expensive

One major advertising agency, in fact, is dedicated to the proposition that all the key words should be repeated three times during each commercial message.

Another reason commercials are repeated is to catch viewers who missed it the first or second time around.

But, undoubtedly, the most popular reason for frequent repeats is economic: filmed commercials are expensive to make. They range in time from 6 seconds to 2½ minutes and cost from \$3,500 to \$30,000 each.

### Specialized Field

Time was when every outfit with a movie camera and studio facilities was ready and eager to make commercials. As TV developed, however, companies have come to

director met with the strikers Tuesday. He said they agreed to return to work if the company would take no disciplinary action.

There was no immediate comment from J. & L.

specialize. There are now a number of companies who do nothing else. One of the largest, MPO, last year turned out about five-million-dollars worth of sponsor messages. Marvin Rothenstein, a company vice president who directs many of the short films, says most sponsors are currently interested in upgrading and de-irritating their commercials.

"Very few sponsors today are trying to get viewers to rush out of the house and buy their product," says Rothenstein. "Mostly they are interested in getting the identity of the product so firmly in the viewer's mind that the next time he's buying cigarettes or she's buying food at the supermarkets, they'll ask for or reach for the sponsor's brand."

Killed was Mrs. Mamie Penman, 38, who appeared with her husband, billed as Wild Bill Cody, and daughter, Mary Alice.

**Fatal Shooting  
Ruled Accidental**

PITTSBURGH (AP)—The fatal shooting of a woman performer in a Wild West act by a 9-year-old New Kensington boy June 7 has been ruled accidental by an Allegheny County coroner's jury.

The coroner's jury returned the verdict Tuesday after an inquest.

Frank Monaco, who accidentally fired the fatal shot, did not testify.

According to testimony, the boy picked up a rifle that had just been loaded for a trick shooting show at Pittsburgh's bicentennial exposition in Point Park.

Killed was Mrs. Mamie Penman, 38, who appeared with her husband, billed as Wild Bill Cody, and daughter, Mary Alice.

## Democrats Are Lashing At Lyndon Johnson's Leadership

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — Time was when Sen. Lyndon Johnson never got his hair mussed. Now criticism is piling up on the Texan who has been mentioned as a Democratic presidential possibility in 1960.

But Johnson, a pretty cool, hardworking customer, will probably play mum to most of the attacks. He plays it that way. There are two main complaints against him:

1. From inside—that he runs the Senate with too much of a daddy-knows-best leadership and doesn't consult enough with his fellow Democrats who overwhelmingly outnumber the Republicans.

2. From outside—that Johnson, despite his big Democratic majority, is letting President Eisenhower buffalo him into needless, conservative compromises and water down legislation to avoid a threatened presidential veto. Some of that opinion also was expressed on the Senate floor Monday.

### Natural Compromises

The political reality, however, is this: the 51-year old Texan is a natural-born compromiser and through that has been able to get a lot of work done. He himself is a conservative as are most Democrats and Republicans. Only a handful in both parties in Congress can be called front-line liberals.

Johnson's magic spell over the Senate—where the members followed him as if enchanted—was broken earlier this year. A comparative newcomer, Sen. William Proxmire, Wisconsin Democrat, teed off on his brand of leadership with the complaint that Johnson's was too much of a one-man show and he didn't consult enough.

### Rapped By McNamara

Sen. Pat McNamara, Michigan Democrat, followed up with criticism of the way Johnson acted, or failed to act, on the jobless pay bill. It didn't go far enough for McNamara. Then Sen. W. A. Morse, Oregon Democrat, cut loose.

He didn't name Johnson directly but he scorched the "Democratic leadership on Capitol Hill" and asked whether both political parties were in the grip of "old, tired, sick and reactionary men."

If Johnson felt wounded, he nursed the bleeding spots quietly for a few weeks.

Then, one day when Proxmire was talking again, Johnson took a crack at him without naming him: "It does not take much courage, I may say, to make the leadership a punching bag." But then Johnson got it from the outside.

### Rapped By Top Brass

A week ago the Democratic National Committee's Advisory Council—made up of many top Democrats but not Johnson or his Texas counterpart in the House, Speaker Sam Rayburn—issued a statement of many pages, although not naming Johnson directly.

### LEGION POST NOMINATES, TO ELECT JULY 23

The council looked back to the 1958 elections when the Democrats wound up outnumbering the Republicans in the House 233 to 152 and in the Senate 64 to 34.

The council said this huge victory was a mandate from the people for a "progressive legislative program" and that they are entitled to more "tangible results" than they have received so far.

The council ripped into Republican "obstructionism" and the bad effect of threatened presidential vetoes but it made clear it was criticizing the Democratic leadership in Congress, too.

### "Victory Into Defeat"

Over the weekend Robert R. Nathan, chairman of Americans for Democratic Action, joined the chorus with this: "The Democratic leadership has transformed victory into defeat by surrendering to the Republicans and the Democratic right wing. The executive (Eisenhower) and the Democratic leadership have teamed up against the majorities in Congress and against the American people."

Also over the weekend came this from the National Committee for an Effective Congress: "Congress has not kept pace with the historical requirements of the country. The majority leadership, captained by that master of the immediate, Lyndon B. Johnson, is neither in a position to change the majorities in Congress and against the American people."

These two groups number among their members former officials and major supporters of the Roosevelt and Truman administrations.

But a crowning irony hit Johnson on the head Monday just a few hours before the Senate passed a much watered down housing bill. It called for less money than Eisenhower requested but the money would be spent in a shorter time.

It was a deliberate compromise, cut down to avoid a presidential veto. But before the Senate voted the administration made known it didn't like this bill at all. Now there's a chance Eisenhower may veto it, compromise and all.

## DISCUSS HOW TEACHERS ARE TO BE TAUGHT

LAWRENCE, Kan. (AP)—How should you teach a teacher how to teach?

That thorny problem, one of the most troublesome in American education, will be tackled in a unique four-day conference on teacher education opening here tonight. Professional educators and some of their severest critics will seek a middle ground of agreement on a program of teacher education.

Represented will be such organizations as the National Education Assn., the American Assn. for the

Advancement of Science, the American Assn. of Colleges for Teacher Education, the American Council of Learned Societies, and the National Academy of Science.

### Ask For Research

The problem has resolved into a question of methods versus subject matter. How much of a student's time should be spent on learning how to teach, and how much on the field in which he will be teaching?

In a preliminary meeting Monday, a national teaching organization called for a comprehensive research program to set national standards for competent teachers.

The chairman of state organizations on Teacher Education and Professional Standards said the study would help determine how to recruit and train good teachers, and how to weed out the incompetent.

## Death Had The Last Dance

It was a night for the young and the dreams that come once in a lifetime. Prom night. Stars twinkling. The band playing sweet and sentimental. The girls in their summer formal; the boys in their rented dinner jackets.

Ivan and Dorothy were engaged. Jerry had bought a ring for Irene, Lyle and the other Jerry swaggered a bit, being down from college and big men now. Judy had extra reason to be happy: It was her 18th birthday.

Death, which cares not for the dreams of youth, awaited seven of them at a grade crossing two miles north of Mattoon, Ill.

No parent with a teen-age son or daughter will want to miss Saul Pett's moving, painstakingly detailed full-page account of the night death had the last dance at the prom. Read it Monday, June 29, in The Gettysburg Times.

Serving at the buffet were Mrs. James Baumgardner, Mrs. Virgil Coshun, Keysville Rd., for the first birthday of their daughter, Debbie, refreshments were served in the yard to the following guests: Mr. and Mrs. Clyde Wilhite and children, Audrey, Danny and Neil; Mr. and Mrs. James Coshun; Mr. and Mrs. Sterling Les Calle and children, Ruth and John; Mr. and Mrs. Burnell Mikesell and children, Karen and Dwight; Ronny Airing; Mrs. Jacob Hahn and daughters, Mary and Debbie; Mr. and Mrs. Donald Mikesell and son, Mikie; Mrs. Richard Adkins and daughters, Mary Catherine and Joyce, and Mrs. Caroline Dowell and sons, Robert and Hankie.

Dr. and Mrs. George Baumgardner, of Olney, Md., arrived here Saturday to spend the summer with her son and daughter-in-law, Mr. and Mrs. Oliver C. Cashell, R. 2.

The Missionary Society of Presbyterian Church will meet Thursday, July 2, at the home of the Misses Amelia and Elizabeth Ann, E. Baltimore St.

Communion will be administered in Trinity Lutheran Church Thursday at 8 p.m. and Sunday at 10 a.m. The chapel communion service will be held at 1:30 instead of 2 p.m.

Mr. and Mrs. William Teeter and family, of Twin Lakes, Gettysburg, were Sunday dinner guests of Mrs. Teeter's parents, Mr. and Mrs. Harold Mehring, E. Baltimore St.

The Rev. and Mrs. Donald Brake, Union Bridge, were Sunday dinner guests of Mr. and Mrs. Charles R. Clutz, Keysville Rd.

Mrs. Wallace Cashell, of Olney, Md., arrived here Saturday to spend the summer with her son and daughter-in-law, Mr. and Mrs. Oliver C. Cashell, R. 2.

Dr. and Mrs. George D. Null and daughter, Kathleen Estelle, Landenberg, Pa., spent the weekend with their parents, Mr. and Mrs. Hubert J. Null, R. 1, and Mr. and Mrs. Wilbert Hess, Emmitsburg Rd.

Thursday evening at 8 o'clock in Grace United Church of Christ, preparatory worship will be held and communion administered. Following the worship there will be a brief business meeting of the Churchmen's Brotherhood to make plans for the lawn festival to be held July 18.

St.

Mr. and Mrs. William T. Haycraft and family, of Towson, were Sunday guests of Mr. Haycraft's parents, Mr. and Mrs. William J. Haycraft, Uniontown Rd.

Mr. and Mrs. Oliver C. Cashell and son, George, moved Saturday from Olney, Montgomery County, to the farm formerly owned by Mrs. Allen Bollinger, R. 2.

HARRISBURG (AP)—The Senate, after lengthy debate and an unsuccessful attempt to write in amendments, has passed a bill that would restore movie censorship in Pennsylvania.

The measure was approved Monday, 47-3, and sent to the House after Sen. Harry E. Seyler (D-York) led a futile effort to have it amended or dropped altogether.

Under the plan, a state board of motion picture control would be set up with three members appointed by the governor. The bill makes an appropriation of \$75,000.

### Old System Unconstitutional

Pennsylvania's old system of censoring motion pictures was ruled unconstitutional by the State Supreme Court. Sponsors of the new legislation say it circumvents the high court's objections.

Dr. and Mrs. George D. Null and daughter, Kathleen Estelle, Landenberg, Pa., spent the weekend with their parents, Mr. and Mrs. Hubert J. Null, R. 1, and Mr. and Mrs. Wilbert Hess, Emmitsburg Rd.

The board would have the authority to declare a film "unsuitable for children" if it felt the film was obscene or would incite to riot.

Excluded from the board's authority would be films for educational, charitable, fraternal or religious purposes.

Voting against the measure with Seyler were Sens. Henry J. Probert (R-Montgomery) and Edward J. Kessler (R-Lancaster).

### STEEL PLANT

PITTSBURGH (AP)—A strike by 12,000 production workers brought near capacity operations to a halt late Monday night at the Pittsburgh works of Jones & Laughlin Steel Corp.

The plant's big battery of open hearth furnaces had been closed down 24 hours earlier by a labor dispute over incentive pay rates in that department. Picketing by open hearth workers brought production to a standstill.

Officials of J & L, the nation's fourth largest steel producing firm, said the open hearth dispute was a violation of the contract. John Murray, director of United Steelworkers Dist. 16, charged the company violated the contract by cutting incentive rates without notifying the union.

The big plant, located on both sides of the Monongahela River, had an annual ingot capacity of 3,300,000 tons of steel.

Under the measure, all sellers, lessors and exhibitors would be required to register and pay registration fees. They also would have to notify the board 48 hours before the showing of any new film.

The board would have the authority to declare a film "unsuitable for children" if it felt the film was obscene or would incite to riot.

Excluded from the board's authority would be films for educational, charitable, fraternal or religious purposes.

Voting against the measure with Seyler were Sens. Henry J. Probert (R-Montgomery) and Edward J. Kessler (R-Lancaster).

## Canadian Crowds Larger To See Queen Elizabeth

By RELMAN MORIN

QUEBEC (AP) — After a slow start, Queen Elizabeth's tour of Canada is beginning to assume the proportions of a major success.

The crowds are growing. There are more and more spontaneous signs of affection and enthusiasm as the Queen and Prince Philip sail up the St. Lawrence River aboard the royal yacht Britannia toward Canada's big cities.

Ancient Quebec, the only walled city in North America, is blazing with flags and decorations. The people are tingling with excitement over the possibility of catching a glimpse of the Queen wearing a diamond tiara and a regal gown for the state dinner the provincial government of Quebec is giving tonight.

## Workmen Wait For Queen

But that's pantry. Perhaps more significant indications are two thousand workmen in an aluminum factory at Arvida waiting after hours, clapping and cheering, as the Queen and her husband walk through the plant.

Virtually entire populations of small towns and cities in the northern part of Quebec province — Saguenay, Chicoutimi, Arvida — standing hours in pelting rain to see the couple pass.

A housewife rushing to bring her washing from the clothesline as rain starts to fall, then forgetting it as police sirens signal the Queen's approach.

## Members Are Relieved

Members of the Queen's party are frankly relieved. They had

been worried by what looked almost like apathy in the first days of the six-week royal tour of Canada.

For both Britain and Canada this trip has specific objectives. The Queen's purpose is to cement Commonwealth relations, firming up ties between Canada and Britain. The Canadians are using the tour to publicize their great industrial expansion.

## Set Up Rules For Combines On Roads

HARRISBURG (AP) — The State Highways Department has ruled that farmers' self-propelled combines may be moved on Commonwealth roads Sundays, Saturdays and legal holidays if certain conditions are met.

They are: That each movement must be a mile or less; that combines shall not be moved on primary highways as shown on the official department map; and that protection shall be provided by a flagman accompanying the combine.

Park H. Martin, highways secretary, said the rule will be rescinded if state police find that traffic is seriously disrupted by the combines.

WASHINGTON (AP) — Sen. Joseph S. Clark (D-Pa.) and Sen. Hugh Scott (R-Pa.) voted with the majority Monday as the Senate passed the \$1,375,000,000 compromise housing bill 56-31.

## WORLD INSURANCE CO.

## ALPERN'S PLAN GETS BACKING OF LAWRENCE

HARRISBURG (AP) — Gov. Lawrence has endorsed a move by Atty. Gen. Anne X. Alpern to create a "consumers' counsel" to keep an eye on the activities of the state's regulatory agencies.

The governor answered with a firm "yes" when asked at his weekly news conference if he endorsed the program. He added that such a move was recommended in both the Democratic and Republican campaign platforms during the 1958 gubernatorial campaign.

Miss Alpern has called for establishment of what she termed a people's representative to press consumer interests before such regulatory agencies as the Public Utility Commission, the Milk Control Commission and the insurance commission.

In other news conference developments:

Transit Authority—The governor said he would "happily" sign a bill before the Legislature putting transportation in Allegheny County under an authority. However, he said amendments added to the bill Monday would have to meet with approval of backers of the legislation.

Allegheny Sanitary Authority— Lawrence sharply criticized a move to investigate. The Senate voted 47-3 Monday to re-investigate. The Senate approved of the investigation 26-24 Monday.

Movie Censorship—The governor said he favored some kind of movie censorship to prevent the showing of "filthy" films. The Senate voted 47-3 Monday to re-investigate Pennsylvania's movie censorship law, which was declared unconstitutional by the U. S. Supreme Court several years ago.

National Politics—Pennsylvania's Democratic political leaders are still "looking over" potential presidential candidates.

Watchdog Committee—The governor reaffirmed his position he will sign legislation setting up a legislative committee to keep an eye on state finance.

TOKYO (AP) — Red China warned the millions of Chinese living in the Canton area of Kwangtung province that raging flood crests on the swollen North and West rivers will strike there today.

The Communists already have said the floods in Kwangtung may be the worst of the century. The damage is expected to deal a sharp blow to Red Economic hopes this year.

PANAMA (AP) — The biggest peacetime traffic jam in the history of the Panama Canal is holding up ships from 24 to 36 hours, and no immediate letup is in sight.

## Hints On Tipping On Your European Trip Are Offered

By HAL BOYLE

NEW YORK (AP)—Many people who go abroad say their trip is ruined because they don't know how to tip properly.

"I don't want to slight anybody," they often say. "But I do want to come home solvent."

Of course, with an attitude like that they are bound to get off on the wrong foot. Anybody whose primary interest is personal solvency has no business going abroad. He should stay home and hire a small trustworthy Boy Scout to count his money for him.

### Not An Ordeal

But tipping shouldn't be an ordeal. Once you get the hang of it, it even can become exciting.

The first problem, naturally, is whom to tip. In general the rule is the same in Europe as in the United States—you tip everybody who speaks to you and isn't a close relative.

There are certain exceptions, however, and nothing is more embarrassing than to tip the wrong persons.

### Some Easy Rules

Fortunately for the beginning traveler's peace of mind the exceptions are easy to learn.

much should you tip?" The answer here depends on another question: "How much have you got?"

In Britain you tip everything except museum statues and members of the Buckingham Palace Guard.

In France you tip museum statues but you don't tip Brigitte Bardot, members of the French Academy or gendarmes in the process of making an arrest—as they already have their hands full.

In Switzerland you tip everything that comes near you but doesn't have a bell around its neck or say "moo."

In Germany you tip everything that says "ja," which is pronounced "yah." If someone says "weh," don't bother to tip him. He is probably an American soldier in civilian dress.

In Italy there are no exceptions. You tip everything that moves.

The safe rule in all countries is to tip every hand you see that is stretched toward you palm upward. Recently in Paris a tourist held his palm out to see if it was raining, and before he could get it back in his pocket other U. S. tourists, mistaking him for a native, had dropped \$8.12 in it. His take even included a Canadian dime.

The next question is, "How much should you tip?" The answer here depends on another question: "How much have you got?"

He is more likely to regard you as a human slot machine. He is reasonable. He doesn't expect to hit the jackpot every time he plays a slot machine.

Half of what he thinks you will generally satisfy him.

### Hand Over Wallet

The thing to do is to buy a dozen cheap, shabby wallets and divide among them equally all the tipping money you can afford for that day.

When it becomes necessary to tip anyone, you simply fish out one of the wallets and hand it over to the person you are tipping. He will go through it carefully, take out exactly half, then smile and hand the wallet back to you.

If you put a photo of your dear old gray-haired mother in the wallet, he may even only take a fourth.

The tip he gets may be either more or less than he expected, but in any case he will be satisfied. He will think you're a game sport about the whole matter.

That's the whole secret of successful tipping—you make a game about it for everyone concerned.

## WOULD REDUCE VOTING AGE TO 18; CHANGE IS OK'D BY HOUSE

HARRISBURG (AP)—The minimum voting age would be reduced from 21 to 18 in Pennsylvania under a proposed constitutional amendment passed by the House Tuesday night.

Sen. James S. Berger, Republican floor leader, said prospects of passage were excellent in the GOP-controlled Senate since the measure was in the Republican campaign platform of 1958.

The House vote was 187-14. The wasn't a word of debate. If approved by the Senate, the question will appear as a referendum question in the Nov. 3 general election.

House speaker H. G. Andrews (D-Cambria), at 82 the oldest member of the House, was among those who opposed the measure.

**Some Opposition**

"This constituency (persons from 18 through 20) by its eccentricities and youthful immaturities, has created many traffic problems and juvenile delinquencies."

he said in an interview. "They need a bit more seasoning before they should deal with affairs of state."

The Committee on Constitutional Revision recently failed to recommend giving the vote to 18-year olds.

The House also voted to allow governors to be elected to two consecutive terms. The vote was 126-66.

### Lawrence Affected

Rep. Edwin Tompkins, assistant Republican floor leader, said the bill would allow Gov. Lawrence to succeed himself should it eventually become law.

If adopted by the Senate, it would have to go through the Legislature again at the next session and then be approved by the people.

The draft differs from one recommended by the Constitutional Revision Committee. Their recommendation would, in effect, forbid Lawrence from seeking a second consecutive term.

### Other Developments

"The commission agrees, however, that succession by the governor will give a continuity in the state government which is much to be desired," its report said.

Other legislative developments:

Neff Investigation — Sen. John Carl Miller (D-Beaver) asked the Senate to investigate what he termed allegations that Samuel G.

Neff may have been involved in the possible misuse of state funds for political activities while he was manager of the State Workmen's Insurance Fund.

Neff recently was fired from his \$12,500-a-year post after Aud. Gen. Charles C. Smith charged he was part of a scheme to extract kickbacks from highway equipment rental contractors in Beaver County.

### Mass Transit Bill

Miller said in a Senate resolution that it is alleged that Neff sent state employees into Beaver County for political purposes while they continued to receive salaries from the insurance fund.

Mass Transit — The House approved legislation aimed at solving Allegheny County's transportation problems by placing mass transit systems under public ownership. The vote was 130-68.

Passage of the bill was assured by a compromise amendment of which would allow Allegheny County commissioners to decide by referendum or their own resolution whether to adopt an integrated plan of mass transportation under a port authority. The measure went to the Senate.

Miami, Fla., was explored in 1967, but little effort was made for a permanent settlement until 1836.

Other legislation developments:

President David J. McDonald of the Steelworkers Union said the industry has made no money offers.

Both carefully guarded their

positions, under a common se-

crecy ban. It seemed reasonable

that at this stage of the game both

had begun trading settlement of-

fers.

Cooper, although reluctant to

talk about it, said steel mills will

have to start banking furnaces

within a few days anticipating a

July 1 strike. Present contracts

expire June 30.

## SEE SIGNS OF HORSETRADING IN STEEL TALKS

### Use Tranquilizers Against Stray Dogs

ATLANTA, Ga. (AP)—A gun that shoots tranquilizer pellets instead of bullets is being used in this city's anti-rabies drive against wild and stray dogs. Fourteen dogs have been knocked out so far with the hypodermic-like pellets by four hunters. The dogs were turned over to the dog pound which estimates the city has about 40,000 unvaccinated dogs.

### Oklahoma Gets Ready For Liquor

OKLAHOMA CITY (AP)—Oklahoma has a new liquor law today and the new Alcoholic Beverage Control Board was to meet with Gov. J. Howard Edmondson to discuss means of setting up the machinery for legal sales. The governor signed the liquor control bill Tuesday. The bill specifies that legal sales should start no later than Sept. 1. The law provides for package sales only.
